ON THE SCENE MAS LATINAS CALIENTE

In the world of adult entertainment, the Latina is one of the most sought after fuck bunnies. Known for their eroticism and passion, most of them attribute it to their hot blood. While we don't want to get into the biology of the blood stream, we do want to introduce you to just a few of the many in the business. Statistics say there may be as many as 1,000 ladies working in the adult entertainment industry at one time. Of those, there may be a couple hundred of Hispanic origin. Given that the percentage of hispanics nationwide is approx 17%, and half of those are women, then the percentage in adult is substantially higher than the norm. Anyway, statistics are boring. These women are not...

AVA MENDES: I started a few years ago through another Latina that introduced me to a male performer. He told me all bout the business and I admit it sounded interesting. He promised to kinda watch over me, so I agreed to meet a rproducer and things took off from there. I don't know how much longer I can do this, but while I'm here I'm having one hell of a good time. I love to fuck and this is the perfect outlet for someone like me.

**AVA
MENDES**

VERONICA RODRIGUEZ: I've always been pretty sexual. I won't tell you when my first time was, but by the time I turned twenty, I had done pretty much everything. I've always been told that I have a sexy mouth and it is pretty big, so guys constantly asked me for a blow job telling me they loved my 'big' mouth. I would say "But wouldn't a small mouth be better? A tighter fit?" That usually made them stop and think, and man, some of the expressions on their face were priceless. But I do have to admit that I give a pretty good bj. I love sucking cock and usually I'll swallow if I like the guy and he tastes good to begin with.

As far as sex on camera, I love it. I love being on camera and I love sex. What better combination is there? I know I can be sexy so why not take advantage of it. Guys like that, They want their lover to look sexy and be sexy. I've changed my hair several times, I change my nails at least once a week and I've even let my pussy hair grow just to change the pace. It also lets me be a little bit of a different woman every time. I guess you can say it's my Latina blood. I'll go for that.

VERONICA
RODRIGUEZ

ICE LA FOX: I'm proud to be a Latina and I'm proud of my sexuality. I've been doing adult photos and videos for more than fifteen years. I guess you might call me old school, but there have been other famous Latinas in the biz way before me. Remember Vanessa del Rio? Now there was one hot-ass Latina. Don't laugh, but when I decided to get into porn, I would look at her videos and study her facial expressions when she was getting fucked. I'll look at her blow job technique and try to do some of the things she did. Fortunately, I had a willing partner to practice on every day. It took a while because I was a newbie and she was a seasoned pro, but now, it all has paid off. I've made a living doing this, got me a nice car and apartment and next year I'm planning to buy a house.

STEPHANI

HI THERE - I'VE ONLY DONE A FEW SHOTS SO I'M STILL

A

LITTLE SHY

STEPHANI

SPEAKS WITH US

L-pop: Thank you for speaking with us.

Stephani: Oh that's okay. It's nice to take a break from all the craziness and talk with someone sane.

L-pop: Tell us how you got started and if you're going to make movies this year?

Stephani: Up until a year ago I had never done any nude modeling, and then moving to Los Angeles, I hooked up with some people and got into taking pictures. As far as movies, I've only done a few up until now and it's been a lot of fun. I have to say that I've even learned a few things.

L-pop: Really? Would you care to say?

Stephani: Honestly, I had never been that confident in my body, even after my implants. After a few shoots, I think I've gotten better. But what I've learned the most is about myself and my sexuality.

L-pop: Do you mean you didn't like sex?

Stephani: No, no, no. It's not that I didn't like it, but it was predictable and had become a bit boring. Most people in longer relationships tend to say that. What I mean is that having sex with different types of people in new situations, is quite exciting, and that makes sex fun.

L-pop: Now that we know that you like sex, what do you like most about it?

Stephani: Like I said, some of it is the new people you can fuck. The new places you get to fuck in, and the different types of fucking that you do. I even don't mind when the director stops a scene and you have to stop – and then turn it on again.

L-pop: Do you have a favorite position.

Stephani: I like it all. I like giving and getting head. I love to get my pussy fucked, and over the past year, I have done anal but it took about three times to feel comfortable with it. Now, I absolutely love it. The other thing I like is having to put my body into different positions for a fuck. In your regular sex life, you're probably not as adventurous, but when the director says stand on your head and get you pussy eaten, now that's exciting.

L-pop: What's next for you?

Stephani: In this business? Well, I have three more scenes to film this month and a couple industry events in LA and Vegas by the end of the year. Then I think I'm going to head back to the Chicago area to be with my family and friends. I can't wait to see them. Then after the new year comes, we'll see what that holds.

L-pop: Thanks for your time.

Stephani: It's been a pleasure. You're welcome.

When I was asked if I would do anal today, I was both excited and apprehensive. While I'm not prudish, my little butthole has only had a finger in it, and not very deep or for very long. But I'm game. He promised to be slow and well-lubed. I've always been a bit of an adventuress, so I'll do it. Just for you!

NATURE LOVERS

My husband came home one day last month and said this year's company retreat could include our spouses. That meant five glorious days at Zion national Park in Utah.

The company had reserved a hotel and lodge in nearby Springdale and set up tours of the park for whoever wanted to go. The only stipulation was three days of meetings for the employees. That was actually one six hour day and two three hour nights. The rest of the time was ours to do with as we liked. If we wanted to stay around the lodge, the company was providing lunch and dinner every night.

We arrived at the lodge and signed in for our cabin. The clerk was about thirty and athletic looking. I noticed that he seemed to be especially interested in me as he took care of the administrative work, and

directed us to our cabin. His eyes kept looking at me and they seemed to move up and down my body. Later, I found myself thinking about him as I was still pretty young and flattered in the way he was looking at me. Was he just admiring me, as men often do, or was he thinking naughty things?

I've only been married two years and just out of college, so a thirty year old man is kinda old to me. Maybe he's older or maybe he's younger because he had an outdoors man's tan and wrinkles were creeping into his chiseled face. I shut it out of my mind

as we got things organized and hubby was preparing for the horse ride the next day. I decided to get some ice and remembered that the ice machine was near the registration desk so I took the bucket and set off to get some ice. As I entered, I said hello to that handsome clerk. He introduced himself as Hank and I told him I was Kylie.

I said I thought I saw the ice machine down here when we checked in. He pointed to a doorway and said it was in there. I had to walk across the room, in front of him and could feel his eyes all over me. When I passed by him by a couple steps, he said that the Sandbench was a great horse trail. I stopped and looked back and asked what he meant. He said that he assumed I and my husband would be taking out on the trail with some of the other guests. I told him that I wasn't much of a nature person and wouldn't be going this first day.

Hank said that if I just liked to walk, there were some very nice human trails also, I laughed as we made eye contact and then turned and continued to the ice machine. I love taking evening walks before I turn in for the night. I filled the small bucket with ice and headed back into the main hall. I said thank you to him as I walked by, and he looked up from registering the next guest and said "You're welcome" in a very professional manner. Even though he was busy, I think that I still felt his gaze on me.

It was a restful night from our long flight and bus trip to the lodge. The next morning after my Glen, my hubby, left for the horse

ride, I made myself a coffee and walked out onto the balcony and sat there admiring the amazing scenery and clean cool air. I was thinking of taking a walk up the trail when I heard a vaguely familiar voice say good morning. I looked down between the slats and it was Hank. He stopped below the balcony and asked if I slept well. I told him I did, that Glen and I were so tired that we fell asleep as soon as our heads hit the pillow.

He said he was on his way to check out a cabin whose door wouldn't lock. Then added if I would like to see some great scenery, there was an overlook just a hundred feet past that cabin. I took a sip of coffee and with out hesitation told him that I would. I changed into my walking shorts and shoes and a comfy white cotton blouse. We chatted as we walked and soon arrived at the cabin and he tells me it will be just a few minutes. He checked out the lock, found a similar one in his small pack. Within a few minutes, he had replaced the old one and was checking that the new one fit and worked properly. "There, done." he said.

He left his pack outside the cabin and said he'd pick it up on the way back. The he pointed a little to the right of us and said the overlook was just over there. We walked over and the trees ended at a cliff overlooking a large valley with small hoodoos in it. There was a fence some three feet from the edge and I walked over and looked down. He stood next to me and pointed down saying that was the Virgin River down there and pointed further over to the right saying that was the horse trail they were on, but we couldn't see it from here. Then he turned to me and said that I was more beautiful than this view.

While I was shocked to hear that, but I was not surprised, remembering how he looked at me yesterday. I started feeling a little con-

fused but quite flattered. I kept my eyes focused on the valley and mumbled that he was handsome also. We both kept looking out and then he puts an arm around me and squeezes me closer to him. He puts a finger under my chin and lifts my gaze from the view to him. He looks at me for a moment and I close my eyes.

He took that as a clue, which it was, and leans in to kiss me. I feel his lips on mine and then quickly off. I gave a soft moan and he leaned in again. This time I moved to meet his lips again and we kissed again this time a little more passionately and I felt my knees starting to buckle. My pussy twinged my nipples started pushing against my bra. I told myself that we should stop before it went too far. I knew where this would lead if I did not stop things now.

My mind was thinking of all the things that could and would go wrong if we continued. I told myself that I should not be considering cheating. "Hank, I think we should stop it here. Please walk me back to my cabin." I said. We walked back along the trail and stopped at the cabin so he could get his pack. We continued on to mine and he continued on back to the lodge. I made myself another cup of coffee thinking it would awaken me from a dream and went back out to the balcony. I decided I needed to get my mind off the past hour and went back inside.

So I decided a bath was in order. I filled the tub and got in. I put a washcloth over my eyes and tried to chill out. But I didn't. My hand slipped between my legs and found my clit. I just lightly rubbed all around my pussy lips, when suddenly a finger slipped in between the lips. When I realized that I told myself to stop thinking of those things! I am a married woman now! I should not be doing it. But these thoughts were stimulating me and... Stop it I told myself over and over.

I got out of the tub after an hour and toweled off. I sat back on the bed, nude, and

began to finger myself again. This is not right, I would tell myself as a finger, then two pierced my love hole. I told myself to get up and out of the cabin to clear my mind. I dressed and headed over towards the horse paddock to wait for my husband and the others to get back. About a half hour later they did and I greeted Glen with a big hug and kiss.

That night, after dinner, we went back to the room and Hank said he was tired from the sun and the ride this afternoon. I told him I understood, but I'm sure he wouldn't mind if I went down on him to help him sleep. He smiled at me and closed his eyes as I slipped down his body to his limp cock and tried to bring it to life. I put it all in my mouth and sucked and tongued it to little avail. I felt a little rise, but Glen's snores told me this was going to be futile. At least he was able to fall asleep. I rolled onto my back and played with myself until I fell asleep.

There was the company meeting in the morning and Glen was off at nine. I stayed in bed a little longer. I got up about ten and made me some coffee and again went out to the balcony. The place is so darn beautiful that you just cannot stay in the cabin. I went out and sat down, cup in hand, admiring the landscape. Then I hear him... "Kylie, are you there?" I get up and walked over to the rail.

He asked how I was this morning and I told him I was trying get my head straight. He invited me to walk back to the overlook and talk about it there. I know I should have said no, but I needed to get this out of my system. We walked over, not saying a word. When we got there I stood by the railing looking down and he takes me and turns me to him and kisses me, pulling me close so I can feel his manhood pressing against me. He slid his hands inside my shorts and feels my naked bottom pulling me closer as

we moved our pelvises slowly against each other knowing that we both wanted each other.

We were now rubbing our hands all over each other and kissing like two horny teens. I felt like a virgin about to get her first cock. Hank removes my blouse to find me braless with my young breasts with their hard nipples awaiting his hands or mouth. It was his hands. Hank now removes my shorts and I put a leg up on the bottom fence rail. He licks his way to my clit and he nibbled and sucked it as I moaned and push it to meet his mouth and tongue. He stood as I pull his pants down to reveal the most urgent cock standing there at attention, begging for my mouth.

I knelt down and placed both hands around it and looked at the large flared head. I played with his balls as my mouth engulfed it. I did my best to make him cum quickly but he stopped me and pulled me up. He turned me with my butt to him and I rested my arms on the railing as I looked back out over the wide open valley in front of me. Hank enters me from behind and reached forward to rub my breasts. I felt his hard pole part my pussy lips as he gently pushed in deeper and deeper. I was pushing hard against Hank wanting every inch of it, as he slowly pulled back and pushed in and out and in and out. I was now moaning and begging Hank to give me all he had.

Hank was now grunting with every stroke and pulled me hard and tight as his full balls slapped my bottom. I felt his rod start pulsating, making me start my orgasm. I started shaking all over, then got stiff and then just went limp as he made his final stroke, pumping one last time before pulling out and exploding on my butt cheeks. Hank had a bandana to wipe me off and we quickly dressed. We headed back to my cabin where I told him I had to go take a bath. He smiled at me and walked away. I don't know if he thought we would do it again. I didn't know either!
